

1. Scale template to 1:1 (100%)
2. Place your graphics as instructed below.
3. Ready-to-print.

scale 1:10 (10%)

composition to print

All production lines should be kept and maintained vectorized.
For images, save with highest possible resolution (minimum 150 dpi at 100% scale) and all fonts converted to outlines.
See our print guide lines for more info

- total print area = artwork area
- final product after sewing
- safety area, place logos and important elements to avoid seams
- required production cut line
